An illustration of a business meeting. Three people are present: a woman in a dark suit sits on the left, a man in a dark suit stands in the center, and another person is partially visible on the right. They are gathered around a large screen. The screen displays a user interface with a profile picture, a password input field, and a 'Password Requirements' overlay. The overlay lists four requirements: 'At least 8 characters', 'At least 1 capital letter', 'At least 1 number', and 'At least 1 special character'. Below the list is a 'Password Strength' indicator showing a red bar and the word 'Weak' in red. A green arrow points from the top right towards the requirements box. The background is light blue with a large light blue circle on the left.
